Instructions for use
1. Enter all players in a name space under 'ROUND 1'; keep seeds separate.
2. Winners of the first round move to the right of the draw, runners-up to the left.
3. The runners-up of the Quarter Finals move down to the space marked for them below. Winners of the Quarter-Finals stay in the same draw and move to the Semi-Finals.
4. The runners-up of the Semi-Finals follow the instruction above. Note that the draws below the main draw also have winners and runners-up.

General Rule: All players - winners or runners-up - will play the same number of matches. Make sure you find the correct place in the draw for them to move into.
